Walter -- am copying our communications folks. They need to advise us on the timing and sequencing of these calls. I'd like to call Brackett friday am and I recommend that the Administrator call Immelt but we need OEA input.

Subject: Hudson Questions

---

Bob,

Do you know whether the Administrator plans to call Jeff Immelt tomorrow or Friday? Or do you plan to call Brackett at some point? If either of these are planned, it would be helpful to know approximately when those calls might be made, and with what information.

I am assuming it will be OK for me to let GE know on Thursday late afternoon that the decision will be announced Friday late morning and they can expect to receive the documents Friday early morning. However, please let me know if you think that is not advisable. I will also discuss this with Judith and the communications folks. I understand that if I make such a call, it will only be to convey timing, not substance.

- Walter
